World will never be the same

Covid-19 has changed the attitude to disposable personal protective equipment.

According to analysts, disposable medical devices will occupy leading niches in the pharmaceutical business.

In conditions of quarantine and closed borders, states are eagerly interested in having their own factories and distribution centers for strategic products: masks, gloves, overalls, shoe covers, coveralls, and disposable sets. Creation of permanent flows to prevent the pandemic.

Dolce product consumers are every citizen of any country. Application fields: Medicine, beauty industry, hotel business, railway, air and road transport carriages, kindergartens and schools, administrative organizations, industry.
